

1 What's the Plan?

Excelsior's Comprehensive Plan was created in 2009 to help you understand how the Township works in your interests. It took the work of 21 people over two years to systematically identify issues that affect rural life. To effectively address these issues, the team asked,

What do we want 20 years from now? What do we need to do right now?

The Comprehensive Plan can be found in the Government pull-down menu on Excelsior's Home Page. The issues are addressed in the Rural Living Guide, also found on the Home Page menu. If you have further questions, please contact the Town Clerk who will direct your inquiry.

2 Land Use – Protecting the Rural Atmosphere

As of 2016, 1569 people live in the township. Of Excelsior's total 34 square miles, 724 parcels are residential and the remaining 1672 parcels are agricultural, commercial, forest or manufacturing. Even though a few businesses operate in the Town of Excelsior, no additional land will be rezoned to commercial, except for along Hwy 33 in Reedsburg's Extraterritorial Area.
